ORIGINAL
FIELD NOTES

OF
THE DEPENDENT RESURVEY OF THE
EAST, WEST, AND NORTH BOUNDARIES,
THE SUBDIVISIONAL LINES
AND
THE SUBDIVISION OF ALL SECTIONS
IN
TOWNSHIP 42 SOUTH, RANGE 17 EAST,
OF THE SALT LAKE MERIDIAN,
IN THE STATE OF UTAH

EXECUTED BY

Scott A. Burkhardt
Cadastral Surveyor

Under Special Instructions dated **February 15, 2006**, approved **February 15, 2006**, which provided for the surveys included under Group Number 999, and Assignment Instruction dated **February 15, 2006**.

Survey commenced March 7, 2006
Survey completed April 18, 2006

T. 42 S., R. 17 E., SALT LAKE MERIDIAN, UTAH

CHAINS

The following field notes are those of the dependent resurvey of the east, west, and north boundaries and the subdivisional lines, and the survey of the subdivision of all sections of T. 42 S., R. 17 E., Salt Lake Meridian, Utah.

History of Surveys

Surveyed by	Retr. or Resurveyed by
SOUTH BOUNDARY	
All C.F. Moore & W.W. Bandy 1924	
All	R. Baugh 2005
EAST BOUNDARY	
All C.F. Moore & W.W. Bandy	1924
WEST BOUNDARY	
All C.F. Moore & W.W. Bandy	1924
NORTH BOUNDARY	
All C.F. Moore & W.W. Bandy	1924
SUBDIVISION	
All C.F. Moore & W.W. Bandy	1924

The survey was executed in accordance with the specifications set forth in the Manual of Instructions for the Survey of the Public Lands of the United States, 1973, and the Special Instructions for Group No. 999, Utah, dated February 15, 2006.

The true meridian direction and length of all lines were determined by Global Positioning System (GPS) utilizing Real-Time Kinematic (RTK) observations using Trimble Navigation 4700 model receivers.

Preliminary to the resurvey, the lines of the prior surveys were retraced and search was made for all corners and their calls of record. Identified corners were remonumented in their original positions. Lost corners were reestablished and remonumented at proportionate positions based on the official record. The retracement data was thoroughly verified and only the true line field notes are given herein.

C.F. Moore & W.W. Bandy placed memorials at many of their corners; most of the time, a sandstone marked: with a cross was deposited beneath the iron post. During our resurvey, if the iron post was missing, we excavated the search location, hoping to find the memorial. If anything was found, it was mentioned in the notes. Due to the difficulty of finding a buried stone, there were many instances where nothing was found, even if the stone may have been buried nearby.

All monuments set in our survey and resurvey bear the Navajo seal, unless otherwise noted.

T. 42 S., R. 17 E., SALT LAKE MERIDIAN, UTAH

CHAINS

Geodetic control was derived from Global Positioning System static observations, post processed by National Geodetic Survey, Online Positioning User Service (OPUS).

The geographic positions, in NAD83 (CORS96), epoch date 2002.00 for the corners listed below were determined by Global Positioning System (GPS) observations to a Network Accuracy of 0.10 meter, 95 percent confidence interval as defined in *Standards and Guidelines for Cadastral Surveys Using Global Positioning Systems Methods*, May 9, 2001, Version 1.0.

The corner of Tps. 41 and 42 S., Rs. 16 and 17 E., Salt Lake Meridian, Utah is as follows:

Latitude 37° 10' 19.443" N., Longitude 110° 05' 23.957" W., N.A.V.D. 1983, Elevation 5795 ft.

The corner of Tps. 42 and 43 S., Rs. 17 and 18 E., Salt Lake Meridian, Utah, is as follows:

Latitude 37° 05' 05.889" N., Longitude 109° 58' 53.952" W., N.A.V.D. 1983, Elevation 5020 ft.

Dependent Resurvey of the East Boundary,
T. 42 S., R. 17 E., Salt Lake Meridian, Utah

Restoring the survey executed by
C.F. Moore and W.W. Bandy, in February, 1924

Beginning at the corner of Ts. 42 and 43 S., Rs. 17 and 18 E., monumented with an iron post, 3 inches diameter, firmly set, projecting 5 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the E. boundary of T. 42 S., R. 17 E., with a steel fence post, 4 ft. high, west of corner.

N. 0°04.9' E., between sections 31 and 36, on the E. boundary of township

Ascending through gently rolling sand dunes and scattered brush.

39.822

The 1/4 section corner of sections 31 and 36, monumented with an iron post, 1 inch diameter, firmly set, projecting 10 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the E. boundary of T. 42 S., R. 17 E.

Set a steel fence post west of iron post.

DEPENDENT RESURVEY OF THE EAST BOUNDARY
T. 42 S., R. 17 E., SALT LAKE MERIDIAN, UTAH

CHAINS

N. 0°02.3' E., beginning new measurement.

Continue ascending through rolling sand dunes.

- 40.027 Point for the corner of sections 25, 30, 31, and 36, at proportionate distance, the iron pipe, marked as described in the official record of the 1924 survey of the E. boundary of T. 42 S., R. 17 E., was found nearby in the bushes. There was no remaining evidence of the cross marked: on bed-rock.

Set a stainless steel post, 28 inches long, 2 1/2 inches diameter, 6 inches in the ground, in a mound of stone, 4 ft. base, 22 inches above ground, with brass cap marked:

T 42 S	
R 17 E	R 18 E
S 25	S 30
S 36	S 31
2006	

Deposit a magnet in a white plastic case at the base of the stainless steel post.

Set a steel fence post east of stainless steel post.

Corner is located in a shallow drainage (course South) on bedrock, surrounded by sandy hills.

N. 0°02.3' E., between sections 25 and 30.

Gently ascending through desert terrain with scattered brush.

- 39.165 The centerline of U.S. Highway No. 163, a paved road, with a 150 foot right-of-way (as referenced from the 1956 Utah State Road Commission plat), extending N. 62°13.0' E. and S. 62°13.0' W.

- 40.027 Point for the 1/4 section corner of sections 25 and 30, at proportionate distance; there is no remaining evidence of the original corner.

Set a stainless steel post, 28 inches long, 2 1/2 inches diameter, 24 inches in the ground, in a collar of stone, 2 ft. base, to top of brass cap marked:

T 42 S	
R 17 E	R 18 E
1/4	
S 25	S 30
2006	

DEPENDENT RESURVEY OF THE EAST BOUNDARY
T. 42 S., R. 17 E., SALT LAKE MERIDIAN, UTAH

CHAINS

Deposit a magnet in a white plastic case at the base of the stainless steel post.

Set a steel fence post northwest of stainless steel post.

Corner is located in the right-of-way of the northwest side of U.S. Highway No. 163.

From corner, an iron pipe, 2 inches diameter, firmly set in concrete, projecting 7 inches, with brass cap marked: State Road Right of Way Marker, C/L 75, STA 727+00, 1958, on the northwest side of U.S. Highway No. 163, bears N. 52°39.3' E., 2.185 chains distance

From same corner, an iron pipe, 2 inches diameter, firmly set in concrete, projecting 6 inch, with brass cap marked: State Road Right of Way Marker, C/L 75, STA 727+00, ELEV 5223.49, 1958, on the southeast side of U.S. Highway No. 163, bears S. 76°21.6' E., 2.878 chains distance

From same corner, an iron pipe, 2 inches diameter, firmly set in concrete, projecting 7 inches, with brass cap marked: State Road Right of Way Marker, C/L 75, STA 716+82.7, 1958, on the southeast side of U.S. Highway No. 163, bears S. 53°56.3' W., 13.390 chains distance

From same corner, an iron pipe, 2 inches diameter, firmly set in concrete, projecting 7 inches, with brass cap marked: State Road Right of Way Marker, C/L 75, STA 716+82.7, ELEV 5215.68, 1958, on the northwest side of U.S. Highway No. 163, bears S. 63°41.8' W., 13.259 chains distance

From same corner, a 5-strand barbed wire fence, extending N.60°E./S.60°W., bears West, 0.727 chains distance

80.054

Point for the corner of sections 19, 24, 25, and 30, at proportionate distance; there is no remaining evidence of the original corner.

Set a stainless steel post, 28 inches long, 2 1/2 inches diameter, 26 inches in the ground, with brass cap marked:

T 42 S	
R 17 E	R 18 E
S 24	S 19
S 25	S 30
2006	

Deposit a magnet in a white plastic case at the base of the stainless steel post.

Set a steel fence post west of stainless steel post.

DEPENDENT RESURVEY OF THE EAST BOUNDARY
T. 42 S., R. 17 E., SALT LAKE MERIDIAN, UTAH

CHAINS

Corner is located in gently rolling sandy hills, with scattered desert brush and cactus.

N. 0°02.3' E., between sections 19 and 24.

Fairly level terrain, open with little vegetation.

40.027 Point for the 1/4 section corner of sections 19 and 24, at proportionate distance; there is no remaining evidence of the original corner.

Set a stainless steel post, 28 inches long, 2 1/2 inches diameter, 28 inches in the ground, with brass cap marked:

T 42 S
R 17 E R 18 E
1/4
S 24 | S 19
2006

Deposit a magnet in a white plastic case at the base of the stainless steel post.

Corner is located in an abandoned dirt landing strip; set monument flush with the ground in the event landing strip is used in the future. Landing strip oriented N.42°E. and S.42°W.

80.054 The corner of sections 13, 18, 19, and 24, monumented with an iron post, 2 inches diameter, firmly set, projecting 6 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the E. boundary of T. 42 S., R. 17 E. An embedded mound of stone, 3 ft. diameter 1 ft. above the ground, found west of iron post.

Set a steel fence post west of iron post.

Corner is located on a level bench, with scattered desert brush and cactus, south of a large canyon.

N. 0°02.2' E., between sections 13 and 18.

Cross a deep canyon, ascend steep slope to north side.

40.122 The 1/4 section corner of sections 13 and 18, monumented with an iron post, 1 inch diameter, firmly set, in a mound of stone, 3 ft. diameter, 6 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the E. boundary of T. 42 S., R. 17 E.

Set a steel fence post west of iron post.

DEPENDENT RESURVEY OF THE EAST BOUNDARY
T. 42 S., R. 17 E., SALT LAKE MERIDIAN, UTAH

CHAINS

N.0°05.8'E., beginning new measurement.

Continue through open desert terrain.

- 39.870** The corner of sections 7, 12, 13, and 18, monumented with an iron post, 2 inches diameter, firmly set, projecting 13 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the E. boundary of T. 42 S., R. 17 E.

Set a steel fence post east of iron post.

N.0°02.3' E., between sections 7 and 12.

Continue through open desert terrain.

- 39.998** The 1/4 section corner of sections 7 and 12, monumented with an iron post, 1 inch diameter, firmly set, projecting 12 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the E. boundary of T. 42 S., R. 17 E. Found mound of stone, 2 ft. diameter, 1 1/2 ft. above ground, west of corner

Build mound of stone around iron post, 3 ft. diameter base, 12 inches above ground.

Set a steel fence post west of iron post.

N.0°03.1'E., beginning new measurement.

Continue through gently rolling, sandy hills.

- 40.050** The corner of sections 1, 6, 7, and 12, monumented with an iron post, 2 inches diameter, firmly set, projecting 12 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the E. boundary of T. 42 S., R. 17 E.

Set a steel fence post west of iron post.

N.0°04.3'E., between sections 1 and 6.

Continue through gently rolling terrain, sandy with scattered grass.

- 39.981** The 1/4 section corner of sections 1 and 6, monumented with an iron post, 1 inch diameter, firmly set, projecting 7 inches

DEPENDENT RESURVEY OF THE EAST BOUNDARY
T. 42 S., R. 17 E., SALT LAKE MERIDIAN, UTAH

CHAINS

above ground, with brass cap marked as described in the official record of the 1924 survey of the E. boundary of T. 42 S., R. 17 E.

Set a steel fence post west of iron post.

N.0°03.9'E., beginning new measurement.

Continue through gently rolling, sandy hills.

40.012

The corner of Tps. 41 and 42 S., Rs. 17 and 18 E., monumented with an iron post, 3 inches diameter, firmly set, projecting 13 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the W. boundary of T. 41 S., R. 18 E.

Set a steel fence post west of iron post.

Dependent Resurvey of the West Boundary,
T. 42 S., R. 17 E., Salt Lake Meridian, Utah

Restoring the survey executed by
C.F. Moore and W.W. Bandy, in February, 1924

From the corner of Tps. 42 and 43 S., Rs. 16 and 17 E., monumented with an iron post, 3 inches diameter, firmly set, projecting 6 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the W. boundary of T. 42 S., R. 17 E., with a steel fence post, 4 ft. high, south of corner

From which

A juniper, 10 inches diameter, bears S. 10°32.9' E., 2.894 chains distance, with an open blaze, no markings. (Record: pinon, S. 15° E., 3.35 chains, marked: T43S R17E S6 BT.)

A juniper, 10 inches diameter, bears N. 7°04.0' W., 3.617 chains distance, with an open blaze, no markings (Record: N. 7°45' W., 3.62 chains, marked: T42S R16E S36 BT.)

N.0°01.8'E., between sections 31 and 36, on the W. boundary of township.

Continue through rolling hills, sandy soil, brushy vegetation.

40.006

Point for the 1/4 section corner of sections 31 and 36, at proportionate distance; there is no remaining evidence of the original corner.

DEPENDENT RESURVEY OF THE WEST BOUNDARY
T. 42 S., R. 17 E., SALT LAKE MERIDIAN, UTAH

CHAINS

Set a stainless steel post, 28 inches long, 2 1/2 inches diameter, 26 inches in the ground, with brass cap marked:

T 42 S

Magnet incorporated in tablet stem.

From which a new bearing tree

A pinon, 5 inches diameter, bears S. 14° W., 0.641 chains distance, marked: X BT.

Raise a mound of stone, 4 ft. diameter base, 2 ft. above ground, north of corner.

Corner located on a sandstone outcrop, gently sloping west, with scattered pinon trees.

N. 0°00.3' E., beginning new measurement.

Continue through open, desert terrain.

39.882

The corner of Tps. 41 and 42 S., Rs. 16 and 17 E., monumented with an iron post, 3 inches diameter, firmly set, projecting 13 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the S. boundary of T. 41 S., R. 17 E.

Set a steel fence post east of iron post.

Corner is located in sandy area; rolling terrain, scattered brush.

Dependent Resurvey of the North Boundary,
T. 42 S., R. 17 E., Salt Lake Meridian, Utah

Restoring the survey executed by
C.F. Moore and W.W. Bandy, in February, 1924

From the corner of Tps. 41 and 42 S., Rs. 17 and 18 E., hereinbefore described.

N. 89°55.8' W., between sections 1 and 36, on the N. boundary of township.

DEPENDENT RESURVEY OF THE NORTH BOUNDARY
T. 42 S., R. 17 E., SALT LAKE MERIDIAN, UTAH

CHAINS

Continue through open desert, sandy soil, and desert brush.

40.062

The 1/4 section corner of sections 1 and 36, monumented with the remains of an iron pipe, 1 inch diameter, firmly set, with brass cap and 12 inches of pipe lying nearby. Brass cap marked as described in the official record of the 1924 survey of the S. boundary of T. 41 S., R. 17 E. A sandstone, 10 x 8 x 3 inches, marked on one face with a cross, was found buried next to pipe.

At the corner point

Set a stainless steel post, 28 inches long, 2 1/2 inches diameter, 20 inches in the ground to bedrock, in a collar of stone, 2 ft. base to top of brass cap marked:

T 41 S R 17 E

1/4 ———
S 1
T 42 S
2006

Deposit a magnet in a white plastic case at the base of the stainless steel post, place the marked: stone in the collar of stone around the post, and bury the iron pipe north of the post.

Set a steel fence post west of stainless steel post.

Corner is located on a gentle northeast slope, in sandy soil with thin grass.

N.89°54.8'W., beginning new measurement.

Continue through open country.

40.031

The corner of sections 1, 2, 35, and 36, monumented with an iron post, 2 inches diameter, firmly set, projecting 11 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the S. boundary of T. 41 S., R. 17 E.

Set a steel fence post west of iron post.

Corner is located on north sloping ground, open terrain, sandy and scattered brush.

N.89°51.7'W., between sections 2 and 35, on the N. boundary of township.

DEPENDENT RESURVEY OF THE NORTH BOUNDARY
T. 42 S., R. 17 E., SALT LAKE MERIDIAN, UTAH

CHAINS

Continue through gently rolling terrain, sandy and scattered brush.

- 39.993** The 1/4 section corner of sections 2 and 35, monumented with an iron post, 1 inch diameter, firmly set, projecting 8 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the S. boundary of T.41 S., R. 17 E.

Set a steel fence post west of iron post.

Corner is located on north sloping ground, open terrain, sandy and scattered brush.

S.89°58.5'W., beginning new measurement.

Continue through open country, with low brush.

- 40.027** The corner of sections 2, 3, 34, and 35, monumented with an iron post, 2 inches diameter, firmly set, projecting 10 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the S. boundary of T. 41 S., R. 17 E.

Set a steel fence post west of iron post.

Corner is located on level mesa top in sandy, brush area.

N.89°56.3'W., between sections 3 and 34, on the N. boundary of township.

Continue through gently rolling terrain, sandy with scattered grass.

- 40.038** The 1/4 section corner of sections 3 and 34, monumented with an iron post, 1 inch diameter, firmly set, projecting 12 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the S. boundary of T.41 S., R. 17 E.

Add a mound of stone around post, 2 ft. diameter base, 12 inches high to top of cap.

Set a steel fence post west of iron post.

Corner is located in rolling terrain east of sandstone cliff.

N.89°52.9'W., beginning new measurement.

Ascend sandstone cliffs, with scattered pinon trees.

2006

Deposit a magnet in a white plastic case at the base of the stainless steel post.

Set a steel fence post west of stainless steel post.

DEPENDENT RESURVEY OF THE SUBDIVISIONAL LINES
T. 42 S., R. 17 E., SALT LAKE MERIDIAN, UTAH

CHAINS

Corner is located on a gentle, south-sloping sandy bench, south of sandstone cliffs.

80.014 The corner of sections 7, 8, 17 and 18, monumented with an iron post, 2 inches diameter, firmly set, projecting 16 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the subdivision of T. 42 S., R. 17 E.

No remains of original bearing trees.

From which new bearing trees

A pinon, 14 inches diameter, bears N. 54° E., 1.329 chains distance, marked: X BT.

A juniper, 15 inches diameter, bears S. 21° E., 1.350 chains distance, marked: X BT.

Set a steel fence post west of iron post.

Corner is located on a level sandy bench, with scattered pinon and juniper trees.

From the corner of sections 8, 9, 16, and 17.

N. 89°58.0' W., between sections 8 and 17.

Ascend steep sandstone cliffs.

39.989 The 1/4 section corner of sections 8 and 17, monumented with an iron post, 1 inch diameter, firmly set, projecting 7 inches above ground, with brass cap marked as described in the official record of the 1924 survey of the subdivision of T. 42 S., R. 17 E.

From which

A juniper, 30 inches diameter, bears S. 6° E., 0.391 chains distance, undecipherable markings (Record: 18 inches diameter, S. 6°15' E., 0.370 chains, marked: 1/4 S17 BT). Add BT marking to blaze.

From which a new bearing tree

A juniper, 9 inches diameter, bears S. 88° W., 0.876 chains distance, marked: BT.

Set a steel fence post west of iron post.

Corner is located at the base of sandstone ledges, surrounded by sandstone outcrops.

From the 1/4 section corner of sections 3 and 34, on the S. boundary of township, as described in the official record of the 2005 dependent resurvey of the N. boundary of T. 43 S., R. 17 E.

N. 0°02.4' E., on the N-S centerline of section 34.

Through open desert, and across Halgaitoh Wash.

39.997 Point for the center 1/4 section corner of section 34, at intersection with the E-W centerline.

Set a stainless steel post, 28 inches long, 2 1/2 inches diameter, 25 inches in the ground, with brass cap marked:

T 42 S R 17 E
C 1/4 S 34
2006

Deposit a magnet in a white plastic case at the base of the stainless steel post.

Set a steel fence post east of stainless steel post.

Corner is located on gently rolling, sandy hills, with desert vegetation.

80.013 The 1/4 section corner of sections 27 and 34.

From the 1/4 section corner of sections 34 and 35.

N. 89°54.5' W., on the E-W centerline of section 34.

Through open, desert terrain.

40.004 The center 1/4 section corner of section 34.

80.001 The 1/4 section corner of sections 33 and 34.

Subdivision of Section 35,
T. 42 S., R. 17 E., Salt Lake Meridian, Utah

From the 1/4 section corner of sections 2 and 35, on the S. boundary of township, as described in the official record of the 2005 dependent resurvey of the N. boundary of T. 43 S., R. 17 E.

N. 0°03.6' E., on the N-S centerline of section 35.

Through open desert, and across Halgaitoh Wash.

SUBDIVISION OF SECTION 35
T. 42 S., R. 17 E., SALT LAKE MERIDIAN, UTAH

CHAINS

24.581 The centerline of U.S. Highway No. 163, a paved road, with a 150 foot right-of-way (as referenced from the 1956 Utah State Road Commission plat), extending N. 50°10.9' E. and S. 50°10.9' W.

40.031 Point for the center 1/4 section corner of section 35, at intersection with the E-W centerline.

Set a stainless steel post, 28 inches long, 2 1/2 inches diameter, 26 inches in the ground, with brass cap marked:

T 42 S R 17 E
C 1/4 S 35
2006

Deposit a magnet in a white plastic case at the base of the stainless steel post.

Set a steel fence post west of stainless steel post.

Corner is located on fairly level, sandy terrain, with desert vegetation.

80.007 The 1/4 section corner of sections 26 and 35.

From the 1/4 section corner of sections 35 and 36.

N. 89°59.3' W., on the E-W centerline of section 35.

Through open, desert terrain

21.457 The centerline of U.S. Highway No. 163, a paved road, with a 150 foot right-of-way (as referenced from the 1956 Utah State Road Commission plat), extending N. 50°06.7' E. and S. 50°06.7' W.

39.928 The center 1/4 section corner of section 35.

79.876 The 1/4 section corner of sections 34 and 35.

Subdivision of Section 36,
T. 42 S., R. 17 E., Salt Lake Meridian, Utah

From the 1/4 section corner of sections 1 and 36, on the S. boundary of township, as described in the official record of the 2005 dependent resurvey of the N. boundary of T. 43 S., R. 17 E.

N. 0°01.1' E., on the N-S centerline of section 36.

Gradually ascend out of Halgaitoh Wash.

SUBDIVISION OF SECTION 36
T. 42 S., R. 17 E., SALT LAKE MERIDIAN, UTAH

CHAINS

39.911 Point for the center 1/4 section corner of section 36, at intersection with the E-W centerline.

Set a stainless steel post, 28 inches long, 2 1/2 inches diameter, 27 inches in the ground, with brass cap marked:

T 42 S R 17 E
C 1/4 S 36
2006

Deposit a magnet in a white plastic case at the base of the stainless steel post.

Set a steel fence post west of stainless steel post.

Corner is located on gently-rolling, sandy hills, with desert vegetation.

79.941 The 1/4 section corner of sections 25 and 36.

From the 1/4 section corner of sections 31 and 36, on the E. boundary of township, hereinbefore described.

N. 89°45.6' W., on the E-W centerline of section 36.

Gradually descend into Halgaitoh Wash.

40.004 The center 1/4 section corner of section 36.

80.028 The 1/4 section corner of sections 35 and 36.

GENERAL DESCRIPTION

This project is located within the Navajo Reservation, of the Oljeto (Navajo spelling: Ool jee'to) Chapter House, in the Monument Valley area of southern Utah. The nearest town is Mexican Hat several miles to the northeast; Monument Pass lies to the southwest. The average elevation of the township is 5500 feet above sea level.

The climate varies from hot in the summer (100 degrees plus) to well below freezing in the winter. The terrain is open desert, with scattered sage brush and other common desert plants. The soil ranges from soft and sandy to solid sandstone outcrops. Two major washes originate and exit from this township: Douglas Wash has an easterly course, and flows into Halgaitoh Wash, which has a predominantly southern course. An exposed sandstone outcrop, fairly steep, trending northeast and

T. 42 S., R. 17 E., SALT LAKE MERIDIAN, UTAH

CHAINS

southwest, rises 300 feet to a fairly level bench in the northwest quarter.

U.S. Highway No. 163 crosses the southeast tip; a well-maintained partially-paved secondary road runs along the western boundary; and numerous dirt roads lie within the interior. Isolated Navajo housing is scattered throughout the project, and there are 19 individual Navajo allotments.

FIELD ASSISTANTS

[illegible]

CERTIFICATE OF SURVEY

I, **Scott A. Burkhardt, Cadastral Surveyor**, hereby certify upon honor that, in pursuance of special instructions bearing the date of the **15th day of February, 2006**, I have **executed a dependent resurvey of the east, west, and north boundaries, and the subdivisional lines, and surveyed the subdivision of all sections, in Township 42 S., Range 17 East,**

of the **Salt Lake Meridian**, in the **State of Utah**, which are represented in the foregoing field notes as having been executed by me and under my direction; and that said survey has been made in strict conformity with said special instructions, the Manual of Instructions for the Survey of the Public Lands of the United States, and in specific manner described in the foregoing field notes.
